RE: Approval of Revised
Alternatives for OU #2
Feasibility Study

Dear Mr. Craig:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) December 31, 1991 letter regarding the revised alternatives for the Operable Unit (OU) 2 Feasibility Study.

U.S. EPA concurs with the revisions based on the redefinition of OU 2 to include only groundwater encountered during a removal action.

Please contact me at (312/FTS) 886-0992 if you have any questions.

Sincerely,

James A. Saric
Remedial Project Manager
